ABOUT US

Established in 1904 in Ghent Belgium we have become the reference for high-quality candy, chocolate, biscuits and tea.

We uphold our family's time-honored production values, utilizing premium ingredients and offering artisanal-quality goods in eco-friendly packaging, all while remaining faithful to our traditions.

Now under the stewardship of the 5th generation, we're extending our reach beyond our borders.

Embracing a "produce to order" approach provides not only maximum freshness but also extended shelf life as added advantages.

Our main focus is a diverse selection of artisanal products, yet we also appreciate the art of packaging to create visually appealing products.

We aim to reduce our ecological footprint by utilizing kraft packaging, tea tins, biodegradable bags, and ballotins crafted from cocoa paper.

We take pride in creating delightful candies and confections using authentic Belgian recipes, guaranteeing top-notch quality and flavor. For instance, we use Arabic gum instead of gelatin in our candy production.
